

Designer Introduction

Hey! My name is Nicolas, aka nicolas_builds on Instagram. I grew up in France, and currently live in Switzerland. I'm passionate about architecture and 3D art in general. This is why I love building with bricks, as it combines my two passions. I've been playing with bricks since childhood, and still spend all my spare time building with them. I consider it as a beautiful tool to bring my ideas and creativity to life. For me, it's also a way to convey stories: that's why I loved creating short stop-motion animations when I was a kid, where I brought my bricks to life. I enjoy building all kinds of sets, no matter the size, from microscales up to big scales like modular buildings. I hope you will enjoy this set and ... happy building!
